YOU ARE NOW A PART OF BASECAMP FAMILY.

We have different events every month here at BaseCamp; a great chance to get to know new people and participate in cool activities :) We are a big family of 500 people, you can all use the common areas, but please remember to clean after yourself; when you use the kitchen do not leave any utensils around.

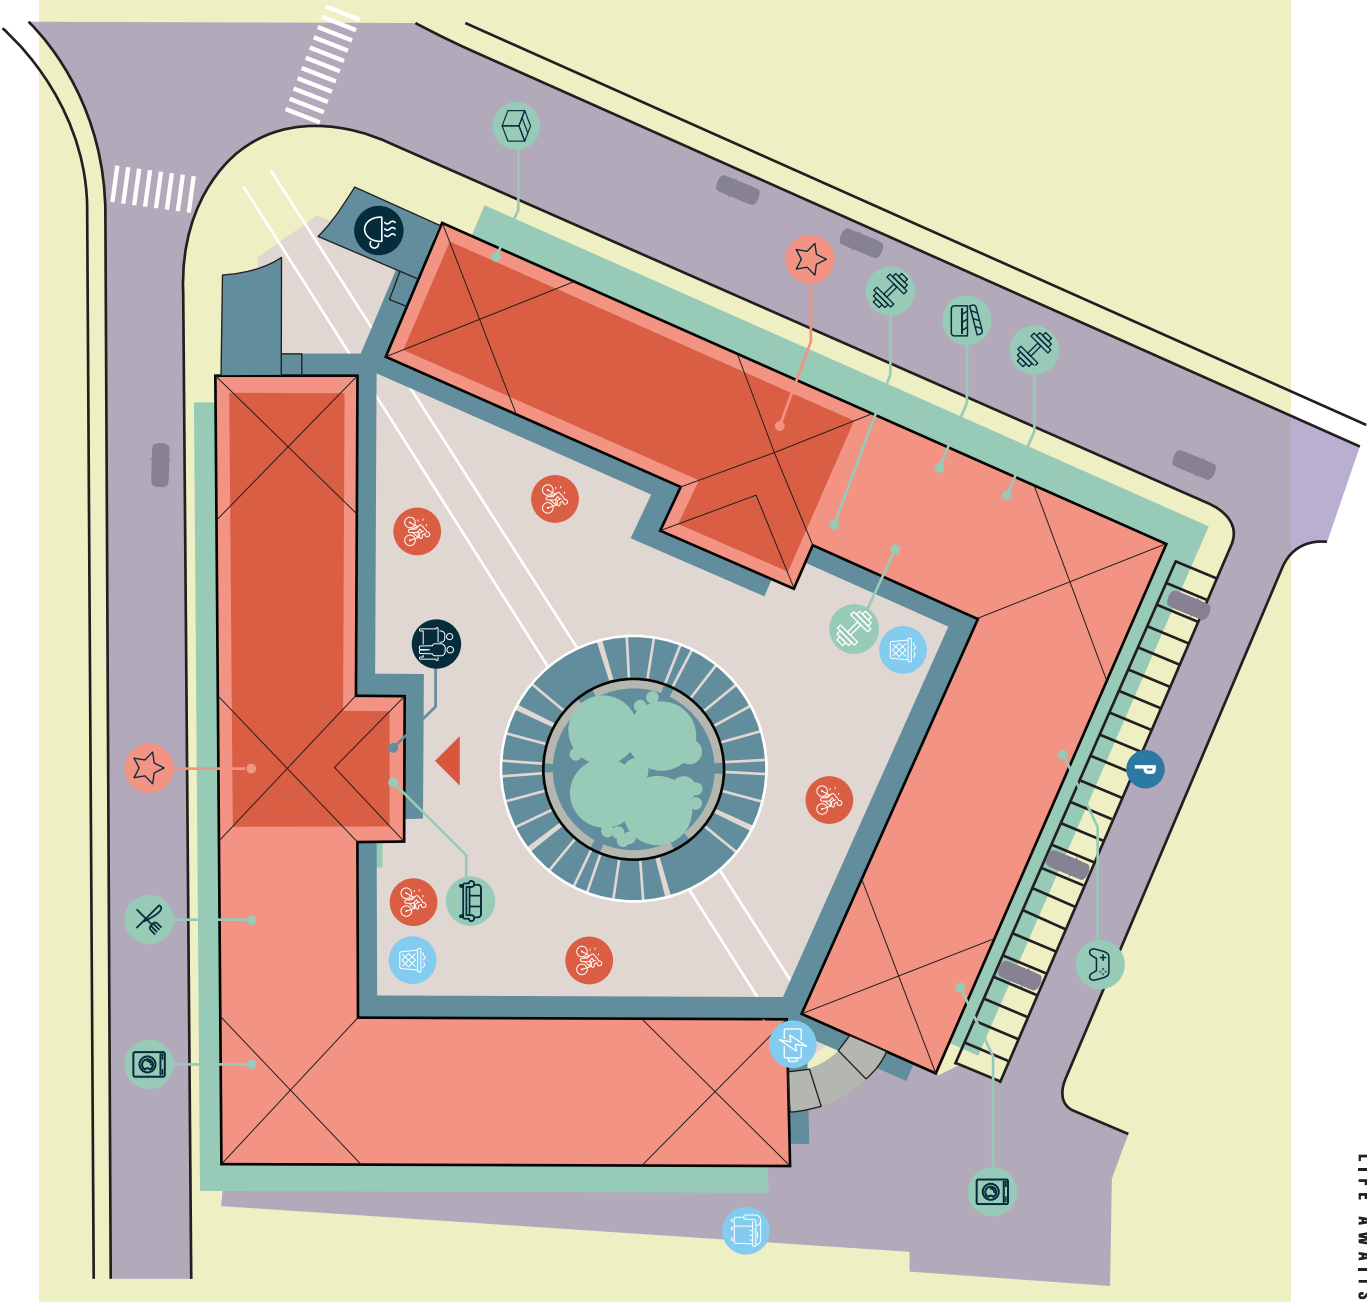

Cleaning rules:

- Don't use metal or any sharp objects on the stove.
- Remove limescale from both your bathroom and the kitchen sink.
- You can borrow the vacuum cleaner from the office (remember a picture ID), but bring it back right after use.
- Clean your drain. If you need to open it, you can borrow the tool from the office.
- Remember to clean the exhausts in the room: one in the bathroom, one in the room, one in the kitchen.
- Always clean up after yourself and leave the mess in your own room.
